Remarks: The reasons for the promulgation of this Royal Decree are as follows: The business of non-formal schools under the law governing private schools in certain types is, by nature, aiming to seek benefit rather than to provide education. Therefore, in order to ensure impartiality and justice and to meet the objective of corporate income tax exemption for private schools, i.e., to encourage the private sector to take part in the education development, it is appropriate to regulate the corporate income tax exemption on the income derived from the business of private schools established under the law governing private schools, but not including the income derived from the business of non-formal private schools in the type of tutorial schools established under the law governing private schools. Therefore, it is necessary to enact this Royal Decree.
